MEET MELISSA

Hi there! I'm Melissa, the owner & lead photographer of Melissa Elaine Photography. I love being able to share in the love of two individuals and feel blessed to get to work with such wonderful people each day!

As a little girl, I knew one day I wanted to do something that was creative whether it was live in New York and become an interior designer, I had the itch early. Growing up with a camera in my face most of my childhood I never in my wildest dreams did I think I would own my own photography business one day. This career path was truly a dream come true.

While I put my heart and soul into my work, I also strive to maintain a professional atmosphere for clients as well as their families. Continuing my education as a photographer is something I value greatly. So I make it a point to continue learning new things while staying within my style. I love to attend workshops and conferences within the photo community.

FREQUENTLY ASKED QUESTIONS

Q: What makes your work different from other photographers?

A: I take all of our photos in intimate, relaxed settings and try to use natural lighting as often as possible. My sessions are candid & fun!

Q: Will we get the print release to our photos after our wedding?

A: Yes! Upon receiving your images, you will also get a full print release.

Q: How many photos do we get in your gallery?

A: Depending on your day, details, ect, you can get anywhere between 500-800 photos.

Q: How many photographers will be there at our wedding?

A: Most wedding collections come with two photographers, although you can always just have one photographer, but two gives you double the coverage of your day.

Q: Do I have to order prints through you?

A: I highly recommend ordering printed products through a professional lab, but it is not required. The difference in quality is huge when it comes to ordering through a professional vendor, so I encourage clients to let me help with prints!

Q: Do you photograph elopements?

A: Of course! Depending on availability and the number of hours you have set aside for photography.

Q: Do you photograph destination weddings?

A: YES! My camera and I love to travel and I offer custom packages for current destination weddings!

Q: What equipment do you use?

A: I shoot Canon. I always carry 2 - 5d Mark III, 24mm lens, 50mm lens & 70-200 mm lens, among other items. All of my cameras and lenses have a backup in the rare event that anything should happen to one of my pieces.

“Melissa Elaine Photography was one of the best decisions we made in terms of our vendors. She was incredibly professional, responsive, understanding, patient, and creative in her dealings with us. I felt a great sense of calm regarding the photography leading up to the event. She heard our desires and she ran with them!”
